

YH Metal/non-metal Laser Mixed Cutting Machine

Advantages:

1. 64DSP high-speed processor.
2. Windows USB / U disk port supported.
3. Large offline storage.
4. Simple regulation of laser power.
5. Exquisite circuit design.
6. True color screen and AWC708C latest control system.
7. Laser tube is produced by our own factory.

Technical Parameters:

Model	YH1325/YH1490/YH1525/YH1610
Processing area	1300X2500mm, 1400X900mm, 1500X2500, 1600X1000mm
Laser power	180W, 200W ,250W,300W, 350W.
Cutting speed	0-18000mm/min
Engraving speed	0-64000mm/min
Resetting positioning accuracy	0.01mm.
Graphic format	AI,CDR,BMP, JPG, DST, PLT, DXF, DWG, TIFF, PSD
Supported software	Coreldraw, Photoshop, AutoCAD
The smallest cutting characters	Character: 2.0*2.0mm English:1.0*1.0mm
Operating temperature	0-45°C.
Application material	acrylic sheet, wood, paper, leather, cloth, plastic, rubber, resin, ceramic tiles, ABS double color sheet. Stainless steel, carbon steel.
